# 2011

To register, please call the American Red Cross - Badger Chapter or register online, unless noted otherwise. Phone: 608-232-5840

The American Red Cross Badger Chapter is pleased to announce the release of the new Citizen CPR presentation. This training is also referred to as Compression-Only CPR or Continuous Compression CPR. The Badger Chapter is working closely with Dane County Emergency Management and the Madison Fire Department to teach this important life-saving technique. This course is currently non-certified and will not replace the traditional CPR courses needed to meet OSHA requirements. Citizen CPR has not been approved by the Emergency Cardiovascular Care (ECC) Committee.

## Citizen CPR Cost: \$15 Fee Covered by United Way Grant (See registration Info. Below)

This presentation teaches lay rescuers the skills needed to respond appropriately to a witnessed sudden cardiac arrest of an adult. It will not be used on children or infants. It also will not be used in the event of respiratory emergencies that cause the heart to stop beating (such as drug overdose, electrocution, drowning, choking, etc.) Research shows that the lungs and blood are full of oxygen, making it unnecessary to deliver breaths under specific circumstances. It is more important to circulate the oxygenated blood to the critical organs for survival - the heart and the brain.
